- Details:**
- Caster is able to draw force energy from everywhere in the body,
 - to the specific wound causing damage.
 - But the wound is healed at x2, after then damage has been done.
 - Note the use of a focus item may help with fragility Saves,
 - If it is the proper timing for the fragility Save,
 - Recommended to use this spell at start of day as needed for sickness or disease.

- This DOES...**
- Does follow a pattern of roll/calculate, damage, then heal:
 - First roll the dice and calculate full healing with enhancements,
 - Then apply as force damage to the target, if the target is dead the next steps fail.
 - Lastly, apply the full healing time two (x2) to the target.

- This does NOT...**

Created by COPILOT

- Details:**
- Arcane text is a written set of words that has been inhabited by living magic.
 - Arcane text is usually obvious in that each letter appears to be constantly moving.
 - the caster must connect with the living words on a personal level.
 - the nature of Arcane life is so foreign there never has been any true understanding of it.
 - the counter spell of 'Tiro Mess' will not only end the spell,
 - will also cause the Save to become one column more difficult.
 - thus repeated 'Tiro Mess' spells could end up so extreme as to destroy the Arcane text.
 - Save vs interpretation. Each attempt requires a recasting of this spell.
 - 2nd attempt at 3rd column.
 - 3rd attempt at 4th column.

- This DOES...**
- Does attempt to put the caster in sync with the arcane text,
 - Caster rolls a Save to attempt to align themselves.
 - Passing the Save indicates a good connection and translation (reading) is possible.
 - Failing MAY cause the arcane to become unresponsive.
 - The Nae'Em connection lasts only as long as the spell.
 - Does require the caster to be writing the entire duration,
 - Thus writing materials are required as well.
 - Does allow review and understanding of the translation AFTER the duration is over.
 - Does create a Nae'Em connection to begin the rollout.
 - Does end the Nae'Em connection when the duration is over.

- This does NOT...**
- Does NOT allow a permanent 'learning' of arcane text,
 - Since arcane is living and constantly moving it cannot be decoded or learned.

- Focus Orb of crystal is NOT passive.
